Skills

Computing

Programming: Java, C, Perl, Lisp, Scheme

I have programmed in Java for several years at both an undergraduate level, and as a part-time programmer for the Department of Computer Science at the University of Adelaide. I am familiar with Perl, and to a lesser extent Lisp and Scheme.

Operating systems: Unix (Solaris, BSD), Microsoft Windows

I have several years' experience in Unix system administration. I am familiar with the Solaris and Microsoft Windows systems at a user level.

Publishing: LaTeX, HTML, XML, XSLT, XSLFO, SGML, OASIS DocBook

I have been involved in the production of a diverse range of publications using single source publishing techniques for several years. Initially using OASIS DocBook SGML, I have migrated to DocBook XML as my primary markup language. Additionally, I have reasonable skills in high quality typesetting using the LaTeX system.
